San Diego 92106
In Liberty Station

LEADERSHIP • MENTORING • CONNECTIONS

Keynote Speaker:

Nancy Novak

Nancy Novak, Visionary Champion and Advisory Board Member at Above Glass Ceilings (aboveglassceilings.com), is a long-time construction industry veteran. As a former Vice President of Operations for Balfour Beatty, Novak was a key resource in assessing and strengthening the company's ability to scale knowledge and bring national consistency to strong, existing operating standards.

Prior to joining Balfour Beatty, Novak was an executive with Hensel Phelps Construction Company. She is heavily involved in organizations that lead the way for technology advancement in the construction industry, and she is an advocate for women's leadership. Her passion for advancing women in business occurs through her consulting work with Above Glass Ceilings, as well as organizations like Women In Government Relations (WGR), Women Construction Owners and Executives (WCOE), the World Trade Center Institute (WTCI), and the Sewall-Belmont House in Washington, D.C.

This seminar will help to fill your leadership toolbox, teaching you how to:

- Identify mentors and advocates
- Assess your strengths and building confidence
- Lead a team and building relationships
